

23rd May 2017

Dear parents,

Tragic Events

You will no doubt be aware through the national news that our close knit community has been tragically affected by the events last night.

Our hearts go out to all those affected and particularly the families, friends, teachers and schools/colleges of these girls.

At the end of today we have called our school community together to reflect on these events, to offer our support where it is needed and to join in a moment of quiet reflection.

We have not mentioned any names in our assembly. We do hope that any of you directly affected will let us know so that we can put this support in place. This may not be because you know those affected personally. It may be that this has brought up other memories and issues, or it may be that just the notion of this happening so close to us is too much to take in.

We have asked the students to make sure they give you a hug or a word of appreciation tonight, and to understand if you may be just a little more protective than usual.

Please don't hesitate to contact us.

Mrs Gwinnett and all the staff here at Tarleton

Outstanding education at the heart of the community
