

Friday 17th November, 2017

Dear Parents,

New Tarleton Academy Website – Friday 17th November

At the start of this week we will be moving to our new school website. You will be able to access the website in the same way as previously done so as the domain name for the website will remain the same (www.tarletonacademy.org). We believe the new look website has an improved layout and functionality, especially for tablets and smart phones.

One exciting new aspect to the website is that fact there is an app available for students and parents. This will give you access to news, events, announcements, blogs, school calendar and term-dates. If allowed the app will also receive push notifications so we can keep in touch more effectively with key information and important events and dates. The app also gives a direct link to Tarleton Academy's Twitter and Facebook pages which are updated with information on a daily basis.

In order to download the app to your smart phone and/or tablet please follow the steps below:

1. Search 'Schudio School App' on 'Google Play' (Android) or 'App Store' (IOS).
2. Download the app – it is free!
3. Search for Tarleton Academy and select.
4. Allow push notifications from the app – that's it!

We are actively encouraging our students and parents to regularly engage with the website and would welcome any feedback that would improve the usability of this window into Tarleton Academy school life. Please contact p.langton@tarletonacademy.org to make suggestions for further improvements or positive comments.

Yours sincerely,

M Cunniffe
